

Notice of Community Information Session Trowbridge Street Reconstruction

May 9, 2024

Notice of Community Information Session Trowbridge Street Reconstruction

When: Wednesday, May 29, 2024 from 4pm to 6pm

Where: Meaford & St. Vincent Community Centre, 151 Collingwood Street,
Meaford

The Municipality of Meaford intends to reconstruct **Trowbridge Street West** from Sykes Street North to Owen Street and **Cook Street** from Trowbridge Street West to South End (south of Berry). The reconstruction work will address aging and deteriorated infrastructure such as sanitary sewers, storm sewers, water, sidewalks, and the asphalt roadway.

The project is being completed in 2 phases, with design and planning occurring in 2024 and construction occurring in 2025.

The Municipality of Meaford and GSS Engineering Consultants Ltd. are hosting an in-person Community Information Session to share details regarding the proposed design and upcoming construction project and to discuss any questions or concerns with the Project Team members.

Who do I contact if I have a question or comment?
