Dear Resident/Property Owner

Re: Update on Bayshore Road Construction

Please be advised that the planned construction along Bayshore Road has been postponed until spring 2024. Construction work on Bayshore Road, north of Leith, was awarded this past summer to Harold Sutherland Construction Ltd. (Walker Construction Grey-Bruce), and construction was anticipated to begin this past fall. Due to construction challenges, the work will now start in early May 2024 and is expected to be completed by mid-July 2024.

While we recognize the importance of timely project completion, it was determined that extending construction throughout the winter months would have a significant impact on residents in the area. The decision to delay commencement was made to avoid an extended construction schedule, disruption for snow-clearing operations, and delayed restorations. We sincerely thank residents for their patience and cooperation as we work towards improving Bayshore Road and the surrounding area.

Further updates on the project will be provided prior to construction beginning. For more information and updates about the project, visit www.meaford.ca/BayshoreRoadRehab or scan the QR code provided.

If you have any questions or comments, please reach out to the undersigned.

Yours sincerely,

Joel Saunders
