

QUALITY MANAGEMENT POLICY

Drinking Water

The Municipality of Meaford owns, maintains and operates the Meaford Water Treatment Plant & Distribution System and the Leith Water Distribution System.

The Municipality of Meaford is committed to:

- **Providing a consistent and safe supply of drinking water to all consumers**
- **Maintaining and improving the Quality Management System**
- **Complying with all applicable legislation and regulations**

It is in the best interest and betterment of the Municipality of Meaford for all parties to protect, conserve and take pride in our safe drinking water. Commitment to this valuable resource must come from all parties involved; Mayor, Council, Chief Administrative Officer and the Environmental Services Department.

The Municipality will strive to achieve these goals through the implementation of a Quality Management System
