Pre-consultation Guide

Meaford By-law Number 2022-50 requires formal Pre-consultation for:

- Zoning By-law Amendment
- Site Plan Control
- Official Plan Amendment

***In cooperation with the County of Grey, Meaford participates in consultations for Plan of Subdivision / Condominium (use this form package).*

Planning Services facilitates Pre-consultation Meetings for the Municipality of Meaford, which may include the involvement of other municipal departments and external agencies. In some cases, the meeting will be held *jointly* with the County of Grey and may also meet the requirements for a County Planning Application. Joint applications may require a separate form to the County – please contact planning@grey.ca for further information about County requirements.

The purpose of the Pre-consultation meeting is to provide the opportunity for the applicant and/or their representatives to present and discuss the development proposal with relevant staff. Staff also have the opportunity to clarify the application process, provide preliminary comments about the proposal, and confirm supporting information/materials (e.g. drawings, reports, studies, etc.) that are to be submitted with a future Planning Application. The materials identified in the Pre-consultation Meeting are the minimum required materials that need to accompany a Planning Application in order the submission to be deemed a “Complete Application” in accordance with the Planning Act, and the County and Municipal Official Plans.

Concept Plan Requirements for Pre-Consultation

Pre-Consultation Applications must include intended land uses, number of proposed/existing units and lots and blocks, and a concept plan. The Concept Plan of the proposed development should include:

- Property Location (including lot lines)
- Proposed/Existing Official Plan designation and Proposed/Existing Zoning
- Detailed Description of the Proposed Use(s)
- Proposed Lots, Blocks, Street Pattern, if applicable
- Building Outlines (new and existing footprints with dimensions)
- Proposed Building Density (i.e. coverage, units per hectare)
- Parking Area locations and Driveway Access Points
- Site Statistics under Zoning including Lot Area, Setbacks, Lot Coverage, Building Height(s), Building Floor area, number of required/provided parking spaces
- Landscape Buffer Requirements
- Any Special Zoning provisions requested

If you have questions about the following form, please email planning@meaford.ca or phone Planning Services at 519-538-1060 extension 1120.
