

Notice of Construction Road Resurfacing

September 15, 2026

The Municipality of Meaford is completing shave-and-pave resurfacing work in your area. Please review the project details and possible impacts below.

Project Details

Location: Aiken Street, Blake Street, Boucher Street East, Coleman Street, Margaret Street, Owen Street, Parkview Avenue and Union Street. See the list of impacted road sections below.

- Aiken Street from Aiken Street to Lakeside Avenue
- Blake Street from Louisa Street to end
- Boucher Street East from Sykes Street South to Henry Street
- Coleman Street from Gordon Crescent to end
- Margaret Street from Sykes Street South to Henry Street
- Margaret Street from Henry Street to Denmark Street
- Margaret Street from Denmark Street to St. Vincent Street
- Owen Street from Trowbridge Street West to Berry Street
- Parkview Avenue from end to Union Street
- Union Street from Centennial Heights Court to Louisa Street
- Union Street from Parkview Avenue to Centennial Heights Court

Anticipated Start: September 15, 2026

Estimated Completion: October 2, 2026

Scope: Milling the top layer of asphalt and repaving the roadway.

Contractor: E.C. King Contracting, with Georgian Paving.

How will the project impact you?

Road Access: Expect delays and single-lane closures during active construction. Residents will continue to have access to their properties. Milling and paving will happen on different days and should each take less than one day to complete.

Waste Collection: If construction temporarily blocks your regular pickup point, the Contractor will help move your garbage and recycling to a collection area. Please label all containers with your house number so they can be returned to the correct address.

Noise: Some noise is expected during construction.

Dust: Dusty conditions may occur during some construction activities. Efforts will be made to reduce dust where possible.

Vibration: Significant vibration is not expected, but residents may wish to protect valuables that could be affected by construction equipment.

Notice of Construction Road Resurfacing

To help the work move smoothly, please avoid parking on the roadway during construction and place garbage and recycling out by 7:00 a.m. on your collection day.
