

Notice of Construction Asphalt Patching Sykes Street

Asphalt Patching on Sykes Street (part of 2026 HCB resurfacing plan)

Dear Property Owner/Resident,

The Municipality of Meaford is undertaking a construction project in your area. We would like to share the following information regarding the project and how it may impact you.

Project Details

Location: Various locations on Sykes Street South and Sykes Street North

Anticipated Start Date: October 19, 2026

Estimated Completion: October 26, 2026

Scope: Removal of old and damaged asphalt, replacement of maintenance hole covers, and repaving with asphalt.

Contractor: E.C. King Contracting

Project Impacts

Road Access: Expect delays and single-lane closures during active construction. Residents will continue to have access to their properties.

Other Services: Expect delays if walking in the area and sidewalks may be temporarily closed while work is happening.

Noise: Residents and property owners should expect some noise during construction times.

Dust: Residents and property owners should expect dust during construction activities however efforts will be made to reduce dust.

Vibration: The possibility of vibrations due to compaction equipment during construction is not anticipated to be significant but residents should protect valuables that may be susceptible to damage because of vibration.

How can you help: Residents can help support the successful completion of the project by obeying all posted signage, respecting lane closures, following designated detour routes, and exercising caution when travelling near the construction area.

Your patience and cooperation are appreciated as we complete improvements to the roadway.
